

Abraham Lincoln ~ Character Project Instructions

This is a four-week, four-part project consisting of four pages (printer paper size). Each week, the miniseries post will contain the new page to print.

Each week, print out the project page, complete it and attach it to the previous week's page.

Encourage your student to discuss each of the points before filling them in.

Please allow your child to write their thoughts. This is an opportunity for their creativity to shine. There are no "wrong answers" here, therefore there is no need for an answer key.

Tip: wait to have all four pieces before coloring Lincoln's face. This will allow them to use the same color/shade.

In four weeks, your student will have a complete poster project!
